There is a 90-day commitment along with a 30-day notice to discontinue group clinics. Customers will choose to attend either/or 1 or 2 times per week respectively. The customer has a choice of where and when to attend each week - MCIG or another TGA location. The 'use or lose' principle will apply to all class types. MCIG and/or TGA will offer NO carryover classes. Simply book via website/portal and arrive at the location at the specified time.

All MCIG Memberships

A 12-month contract is required. After the first year, memberships are on a month-to-month agreement. A 30-day notice is required to discontinue membership. All guests must create an account and sign waiver before using the facility with a member. Members must be present with their guest(s). A member can invite up to 3 people to share the bay/putting area. Guest fee when accompanying a member is \$10 for the rental period. The member is liable for any damages incurred by their guests. Bay rental must be cancelled before 24 hours of rental to avoid being charged as part of your membership hours. Any hourly bay overages will be charged at a discounted rate of \$39.

The 'use or lose' principle will apply to all membership levels/types. MCIG will offer NO carryover hours. Equipment orientations will be offered at no charge to ensure ease of use of all the facility has to offer. Memberships are non-transferable and nonrefundable. An individual can only upgrade a membership at any time during their membership. Thompson Golf Inc. d/b/a MCIG can determine if a membership can be frozen due to an injury or surgery. Doctor's note and rehabilitation period will be considered.

Family membership must be for immediate family members, ie. father, mother, son, daughter. Team membership must be used by team members and coaches only, NO guests. Corporate memberships can book up to two bays/the putting green at any one time and must be used by owners/employees on the company's member list.

If 2 members are sharing a bay for the hour, only one member will book a bay. If 2 members are sharing a bay for 2 hours, then the members have the option to each book an hour or one member treat the other for both hours.
